EDITOR'S NOTE

Welcome to the Term 1 edition of the Chudleigh House School Edutainment Magazine. This term has been nothing short of inspiring from leadership milestones and cultural celebrations to academic exploration and exciting tours. We hope these stories of growth, joy, and excellence will not only inform and entertain you but also showcase why CHS is a unique place of learning. Join us as we delve into the highlights of Term 1, celebrating the achievements of our students and the dedication of our staff. In this issue, you'll find articles that capture the essence of our vibrant school community.

Discover the innovative projects from our STEM Fair, where young minds pushed the boundaries of creativity and knowledge. Read about the heartwarming Variety Show, a tapestry of colors, music, and dance that brought our diverse community together in harmony.

We will also take you on a journey through our recent educational trips, giving you a glimpse of the unforgettable experiences that have broadened our students' horizons. Our leadership corner features inspiring stories from student leaders who are making a difference, embodying the spirit of initiative and responsibility.

Each story will be accompanied by photographs and so as you turn the pages, we hope you feel the excitement and passion that defines Chudleigh House School. Thank you for being a part of our journey, and we look forward to sharing many more milestones with you in the future.

LEADERSHIP IN ACTION

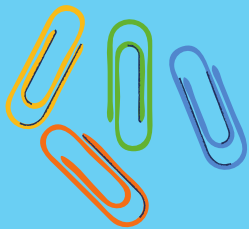

At CHS, leadership is nurtured from an early age. This term, we welcomed a group of enthusiastic new prefects in both our primary and secondary schools and in different clubs. These young leaders are already showcasing their responsibility and initiative, supporting their peers and aiding teachers. Through customized training and mentorship, our learners are being prepared not only for school leadership but also for future success in the wider world.

Their journey begins with understanding the core values of integrity, respect, transparency, accountability, service to others among other core values which are essential qualities for any leader. Our young Leaders engage in various activities, such as organizing their fellow learners, leading community service projects and facilitating meetings with their peers. These experiences are designed to enhance their communication, problem-solving, and decision-making skills.

By the time they graduate, our young Leaders are well-rounded individuals, ready to take on the challenges of the future with confidence and a sense of purpose. Their leadership journey at CHS not only shapes them as responsible citizens but also inspires those around them to strive for excellence and make a positive impact in the world.

CAREERS FOR THE FUTURE

Careers Day, a day packed with ambition and inspiration! Professionals from various fields visited CHS to guide learners on career choices. Highlights included our very own alumna Zambia Airforce Lieutenant Daka who delivered an empowering speech. She emphasized how the CHS Reading Program was foundational to her success, proving once again that big dreams are built at CHS.

ALUMNA SPOTLIGHT

Zambia Airforce Lieutenant Daka Inspiring. Driven. Grounded. Lieutenant Daka is a proud CHS alumna who is now soaring high literally! She credits CHS for shaping her discipline, confidence, and public speaking skills through the reading program that the school offers.

Her return as Careers Day speaker brought her journey full circle. Her message to us: "focus on whatever you're doing, believe in yourself, you can be anything that you ever want to become."

Restoring Zambia's Beauty: A Call to End Pollution and Preserve Our Natural Heritage

Zambia is known for beautiful and scenic views, from our famous Victoria Falls to our numerous national parks. All things that make it a truly breathtaking sight to behold. Sadly, the other parts of the nation cannot be held to the same standard.

The areas where our people live are mostly riddled with different kinds of pollution from drainages filled with litter, to air clouded with the fumes of an old car, even water bodies are no longer clean, one can often find an array of trash along the edges of such places.

The area which has suffered the most is Kabwe, the lead mining operation heavily

contaminated that area. Even though the mine closed in 1994 the lead dust from the area continues to affect the nearby residential areas, putting the health of nearly 200,000 people at risk.

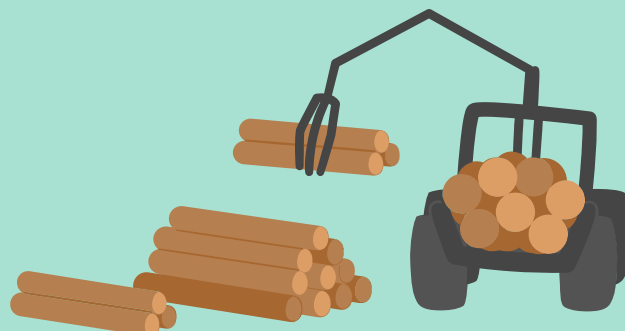

The Kafue and Mwambashi Rivers have experienced severe pollution. An acid leak from a mine resulted in the complete shut down of the water supply to Kitwe. The pollution this river has been subjected to has caused it to be regarded as a 'dead river'.

It is really unfortunate to have a country known for its beautiful environment to be facing such such levels of pollution. Our nation has already shown great potential for having awe inspiring sights. It is time that the rest of it truly reflects that by reducing the amount of pollution in our nation

We should make Zambia a nation that looks beautiful no matter where you look.

SPORTING SPIRIT

What a display of energy and teamwork! This term's Inter-house Ball Games brought color, competition, and camaraderie to the field. With houses vying in volley ball, football and netball, the atmosphere was electric. Learners showed resilience and sportsmanship, with the day ending in celebration and house chants.

Golf, Tennis, Badminton and Swimming Training At CHS, sports are more than just physical activities, they are life skills in motion. Learners had weekly training in golf, tennis, badminton and swimming under skilled coaches. These sessions build discipline, precision and confidence. We are proud to nurture well-rounded individuals with both mental and physical agility.

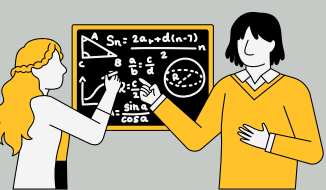

CLUB CHRONICLES

It's a Must! Every Wednesday, CHS transforms into a hive of creativity and discovery. From Media Club and Debate Club to Chess, Little Chefs, Little Farmers among others, every learner gets to participate in a club of their interest. It's not just fun; it's education through exploration. These clubs help learners discover talents, develop teamwork and sharpen their critical thinking.

The Interact Club's Ongoing Commitment to Community Engagement

The Interact Club remains dedicated to its mission of serving and leading through impactful community involvement. This term, members organized various trips to deliver donations to those in need. These acts of kindness and service nurture empathy and civic responsibility among our learners. The Interact Club demonstrates that leadership and compassion are inseparable.

VOICES OF CHANGE

International Children's Day of Broadcasting

We got a lifetime opportunity to take to the airwaves, creating news bulletins, and interviews that celebrated children's voices. As the Media Club we led the charge and we learned the power of storytelling and advocacy. CHS empowers students to go beyond the classroom into the community, onto the mic and into the world.

RETREAT & REFLECT

Grade 12 Retreat – 3rd to 6th March 2025

A beautiful and intentional pause in the busy lives of our Grade 12s. This four-day retreat focused on mental wellness, spiritual growth, goal-setting, and preparation for life beyond school. Through solitude, talks, games and heartfelt sharing, learners left refreshed and focused. We believe in holistic education and this was proof in action.

CELEBRATING WOMEN

International Women's Day – March 8th

CHS celebrated International Women's Day with a tribute honoring women, featuring gifts, performances, and a dedicated conference. The event served as a day of reflection, appreciation, and empowerment. Students recognized the achievements of women both within our community and beyond, sharing their messages through recorded video presentations.

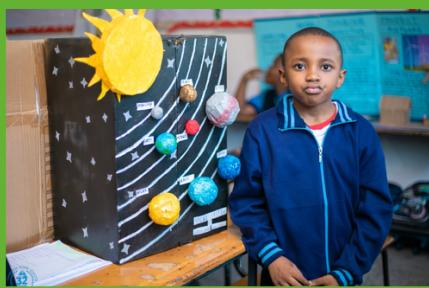

STEM AT CHUDLEIGH HOUSE SCHOOL

In March, our learners demonstrated remarkable creativity and problem-solving skills at the Annual STEM Fair. It was truly inspiring to witness young minds pushing the boundaries of Science, Technology, Engineering, and Mathematics.

The atmosphere was electric with curiosity and collaboration as participants eagerly shared their ideas and discoveries. Teachers and mentors were on hand to guide and encourage, fostering an environment where learning was celebrated and creativity thrived. The passion and dedication exhibited by these young innovators not only

highlighted their potential but also reminded everyone of the importance of nurturing the next generation of problem solvers.

As the event concluded, it was clear that the future of STEM is in capable hands, and we can't wait to see what these bright minds will accomplish next.

A COMMUNITY THAT CARES

On 14th March our school, Chudleigh House School, celebrated one of the most important events of the year, Community Awareness Day. This day is all about generosity, kindness, and giving back to those in need. It's a time when we come together as a school to make a difference in our community.

This year, we had the honor of welcoming Love Community School, who came to receive donations from us. Seeing the smiles on their faces reminded me that even small acts of kindness can have a big impact. We often take what we have for granted, but this event showed me how much a simple gesture can mean to someone else.

One of the things I love most about Community Awareness Day is that it teaches us the true meaning of giving. It is not just about donating items, it is about showing empathy, sharing what we can and understanding that we all have a role to play in making the world a better place.

As a student, this experience was truly eye-opening. It made me appreciate the importance of community and teamwork. At Chudleigh House School, we do not just talk about kindness, we put it into action. And that's what makes this day so special.

TALENT EXPLOSION & EMPOWERMENT

Variety Show – 10th April 2025

From singing and dancing to modeling and teacher performances, this year's Variety Show was unforgettable. It was a true display of talent and school spirit. The highlight? Crowning of Mr. and Miss Chudleigh after a dazzling showcase of confidence and creativity.

Girls' Conference – 12th April 2025

An empowering day of sisterhood, growth, and confidence-building. Girls participated in workshops on personal development, self-care, leadership, and social awareness. It was more than a conference, it was a movement of young women lifting each other up.

LEARNING BEYOND CLASSROOMS
