AUGUST 2025

ENTREPRENUERSHIP DAY: INNOVATE.INSPIRE. IMPACT.

CHS BOYS CONFERENCE: **IGNITING THE MIND**

INTERNATIONAL TOUR: SWAKOPMUND, NAMIBIA

From the Editor

Hello, Chudleigh Family!

What an incredible Term 2 it has been! From the roaring cheers on Sports Day, to the buzzing businesses during Entrepreneurship Month, the dazzling performances at the Arts Festival, the powerful voices on Media Day and the inspiration of the Boys' Conference, as learners have shown us once again that education is more than books and classrooms. It's about courage, creativity and community.

And let's not forget the unforgettable adventure to Namibia, where the Atlantic Ocean shook hands with the Namib Desert, flamingos danced gracefully and my fellow learners discovered that the world truly is a classroom without walls.

This edition of The Chudleigh Times is packed with all the magic from Term 2, plus a fun quiz and a puzzle. It's your keepsake of the memories we've created together as a school family.

To my fellow learners: keep dreaming, keep shining and keep pushing beyond boundaries. To our Parents: thank you for cheering, supporting and walking with us every step of the way.

With pride and joy,

CHIEF EDITOR

Tahlia Zimba

TEACHERS OF TERM 2

A TRIBUTE TO OUR TEACHERS – TERM 2 REFLECTIONS

As we close Term 2 of 2025, we pause to celebrate the heart of Chudleigh House School, our teachers. This has been a term filled with energy, creativity and dedication. None of it would have been possible without the tireless efforts of our teaching staff.

From preparing learners for the thrill of Sports Day, guiding them in showcasing their brilliance during Entrepreneurship Month, and nurturing creativity for the Inter-house Arts Festival, our teachers have gone above and beyond. Their behind-the-scenes planning, mentoring, and encouragement ensured that each learner had a platform to shine.

During Media Day, teachers supported learners in exploring storytelling and communication, instilling confidence that will serve them far beyond school. The Boys' Conference stood out as a moment where guidance, wisdom, and mentorship from our staff inspired young men to dream boldly and act with courage.

And of course, the Namibia Tour was a highlight of the term, teachers not only accompanied learners for safety and supervision but also became fellow explorers, turning every moment into a lesson in discovery, culture, and appreciation of the world. This term was a reminder that teaching is not only about lessons in the classroom but also about shaping character, nurturing talents, and guiding futures. To our Teachers, thank vou for your resilience, and unwavering patience, dedication. You are shaping tomorrow's leaders one day at a time, and your impact is immeasurable.

Special Congratulations!

We would also like to extend our warmest congratulations to the Best Teachers of the Term. Your outstanding commitment, creativity, and ability to go the mile have been extra recognized and celebrated by both learners and peers. You have set the bar high, and your passion continues to inspire the entire Chudleigh House School community. Bravo and keep shining!

SPORTS DAY MAGIC

By Mweshi Kusensela

The 2025 Chudleigh House School Inter-House Sports Day was nothing short of spectacular! Our school grounds came alive with shouts of encouragement, house chants, and the beating of drums as learners showed their speed, strength, and determination on the track and field.

This year's special touch was the presence of our Guest of Honour, Niddy Mingilishi, one of Zambia's most celebrated athletes. With medals and victories from the international stage, Niddy stood as living proof of what hard work and discipline can achieve. Her encouraging words reminded us that champions are not only made in stadiums but in classrooms, playgrounds, and daily routines filled with practice and persistence.

From the 100m sprints to the relays, long jumps and cheerleading, everyone of us gave their best. Our Parents cheered from the sidelines, capturing the unforgettable moments. The day ended not just with winners on the podium, but with everyone walking away proud of their effort and team spirit.

"You don't have to win a medal to be a champion, your dedication makes you one!"

ENTREPRENEURSHIP MONTH

The month of June turned our into learners bright young business minds! With creativity buzzina in every classroom, learners came up with brilliant business ideas and turned them into reality during our Entrepreneurship Days.

They sold everything from homemade crafts to tasty snacks and even offered fun services. Some became bakers, others designers, and a few even became clever marketers, convincing Parents and Teachers to "buy now before it sells out!"

Beyond the fun of selling and buying, our learners gained practical lessons in teamwork, budgeting, communication, and customer service. They discovered that running a business isn't just about making money, it's about solving problems, working with others, and learning how to bounce back when things don't go as planned.

Parents couldn't help but smile as they saw their children confidently explaining their products and counting their earnings. Who knows, maybe the next big Zambian business leader is sitting right here at Chudleigh House School!

CELEBRATING CULTURE & LANGUAGE THROUGH A VIBRANT FRENCH EXPERIENCE

On 18th July, Chudleigh House School came alive with the sights, sounds and flavors of France as we celebrated our Annual French Day. It was a vibrant occasion dedicated to showcasing the richness of French culture through funfilled activities, interactive learning and an array of French-inspired cuisine.

The day was a true celebration of language and culture, with Learners and Teachers embracing the spirit of France through song, dance, drama and culinary delights. From practicing French greetings to exploring French art, it was not only a joyful event but also an opportunity to deepen our appreciation of the global community we are part of.

One of the highlights of the day was welcoming our special guests, Njase Girls Secondary School, who traveled an incredible 286 kilometers from Choma to be with us. Their participation and enthusiasm added so much value and energy to the celebration, reminding us of the importance of cultural exchange and unity.

We extend our heartfelt gratitude to everyone who contributed to making the day such a success. Merci beaucoup to our guests, learners and members of staff for making French Day an unforgettable experience! At Chudleigh House School, we remain committed to fostering global awareness, cultural appreciation and memorable learning experiences for all our learners.

INTER-HOUSE ARTS FESTIVAL

By Limpo Pumulo

What happens when talent, passion, and creativity come together? You get the Inter-House Arts Festival! This year's festival was an explosion of color, sound, and imagination.

We wowed the audience with drama performances, musical renditions, art exhibitions, dance routines and poetry recitals. The creativity on display left attendees clapping, laughing and sometimes even wiping away tears.

The event was made even more special by the presence of our Guest of Honor, Mr. Robby Nyirenda, a celebrated actor, film director and producer fondly known as "Big Rob."

A heartfelt thank you goes out to all the Parents who came to support, filling our

grounds with warmth and appreciation. Your cheers and encouragement gave us confidence to shine brighter than ever.

In the end, Sable House took the crown as this year's winners! But let's not forget that Kudu House and Eland House put up incredible performances too. Every learner who stepped onto the stage or showcased their artwork was a star and together, you made this year's festival unforgettable.

MEDIA DAY

By Winnie Chakachila

Our 5th Annual Media Day was one for the books! With the theme "Beyond Boundaries, Media Unbound," this year's celebration was all about discovering the power of stories and how media can shape the world.

Learners had the chance to dive into exciting sessions on photography, podcasting, video production, news reporting, and public speaking. The energy was electric as ideas flowed, microphones passed around, and cameras clicked away.

We were honoured to host incredible guests: Yahya Kaba, Kenny Tonga, Mwape Kumwenda, and David Kashiki, who generously shared their journeys in the media world. They spoke about perseverance, creativity, and the importance of using media responsibly. Their words sparked excitement and curiosity, encouraging our learners to dream big and perhaps even start their own media platforms one day!

The day ended with learners confidently presenting their stories, interviews, and media projects. It wasn't just an event, it was a launchpad for the next generation of storytellers.

The 4th Annual Boys' Conference was packed with wisdom, energy and memorable activities. Boys from across different grades came together under one roof for a day filled with mentorship, workshops and inspiring talks.

They discussed important themes such as leadership, responsibility, discipline, and respect. Through games, group sessions, and powerful speeches, they learned that being a man is not just about strength, but about character, integrity, and courage.

There was plenty of laughter too, the boys were left more united than ever. By the end of the day, they walked out with their heads held high, ready to take on challenges with boldness and purpose.

"Strong values create strong men who shape strong communities."

TOUR TO NAMIBIA

By Nathan Musonda

Adventure + learning = unforgettable memories!

From 17th to 23rd August 2025, we embarked on an exciting educational tour to Swakopmund, Namibia, a week filled with discovery, fun and unforgettable experiences.

At the Swakopmund Museum, explored we history and science in a hands-on way, while at Walvis Bay they were amazed by the breathtaking sight flamingos dancing gracefully on the water.

One of the most magical moments was witnessing the meeting point of the Atlantic Ocean and the Namib Desert, a natural wonder that left everyone in awe. We also felt the adrenaline rush of quad biking on the sand dunes and expanded our knowledge of international trade during a tour of Namport at Walvis Bay.

But the trip was more than sightseeing, it was about bonding, responsibility and building lifelong memories. I feel like we have grown confidence, teamwork, appreciation and God's creation.

We are deeply grateful for safe travels back on 23rd August and we extend heartfelt thanks to our parents for allowing us to be with our fellow learners not just outside the school but outside the country.

Highlights!

Let's see how well you remember the exciting events of Term 2 at Chudleigh House School!
